*saint-hubert****N'ware Technologies - Saint-Hubert*****Understanding Computer Support and Services at N'ware Technologies**

N'ware Technologies, located in Saint-Hubert, Quebec, is a prominent player in the ****computer support and services**** industry. The company specializes in ERP implementations and is known for its partnership with SAP Business One.

Wheelchair-Accessible Car Park and Accessibility

One of the notable features of N'ware Technologies is its ****wheelchair-accessible car park****, making it easier for all clients to access their

services. This commitment to **accessibility** reflects their dedication to providing an inclusive environment for everyone.

Customer Experiences and Insights

Feedback from clients reveals a mixed bag of experiences when dealing with N'ware Technologies. Many users commend the company as an **excellent ERP implementation company**. For instance, one client highlighted them as an "excellent SAP Business One partner who knows how to take care of their customers." The comment further noted that "a solid team" was present throughout the implementation process, stating they were "well supported from start to finish" during their ERP implementation in 2017. Such testimonials indicate a strong level of customer satisfaction during successful projects. However, not all experiences have been positive. Some clients expressed dissatisfaction regarding financial transparency and project timelines. One noted that "the price went from single to double during the mandate," describing the situation as **ridiculous**. Furthermore, complaints about unmet deliverables and consistent delays were evident, with some referring to the invoicing process as **"a real joke"**.

Conclusion

In conclusion, while N'ware Technologies offers valuable **computer support and services**, customer experiences vary widely. Their commitment to accessibility through a **wheelchair-accessible car park** is commendable, but potential clients should consider both the positive testimonials and the critical feedback regarding pricing and project management before engaging their services.
